

A Big New Opportunity

Get in there now... because this invitation is being circulated across the whole of England, Wales, Scotland and Northern Ireland

We (UKAPD, NAPCE and UKCEA) are writing a book for educators in primary care.

And it's gonna be big!

All we're asking you to do is write one chapter. And each chapter on average is **ONLY between 10-20 sides of A4!** And the great stuff doesn't stop there:

- We've created a website to help you
- You'll have a buddy
- And I (Ramesh Mehay) will hold your hand too.

Interested?

1. Go to www.educatingthefuturegp.co.uk and take a look around
2. Look at the PowerPoint presentation on the home page
3. Skim through the chapters: pick one that you have a **PASSION** for
4. Pick another you are passionate about which you would like to be a buddy for
5. Email me with those two details
rameshmehay@googlemail.com
